PROGRAM

FRIDAY, SEPTEMBER 17

09:00 WELCOME ADDRESS

Welcome address and introduction

Fátima F. Pinto

09:15 ORGANIZATION AND INNOVATION

Chairmen: Sashicanta Kaku, José Carlos Areias

Pediatric Cardiology in Europe:

current practice and future directions

Jörg Stein

How to define progress in Pediatric Cardiology

Krishna Kumar

Improving outcomes through quality initiatives

Laurie Armsby

Decision making in Pediatric Cardiology: where is the evidence?

José Diogo F. Martins

10:45 COFFEE BREAK

11:00 FETAL CARDIOLOGY

Chairmen: Isabel Menezes, Eduardo Castela

Intrauterine functional assessment of congenital heart disease

José Carlos Areias

The impact of fetal echocardiography on natural history and current

epidemiology of congenital heart disease

Agostinho Borges

Frontiers of Fetal Echocardiography:

what we don't see and how can we change it

Mónica Rebelo

Current outcomes and future prospects of fetal interventions

James Lock

12:30 TRIBUTE TO MANUELA LIMA

My history as a pediatric cardiologist

Manuela Lima

13:30 LUNCH

15:00 CARDIAC INTENSIVE CARE

Chairmen: Sílvia Álvares, José Diogo F. Martins

Brain protection in heart surgery: immediate results and long term

neurodevelopment outcomes

Conceição Trigo

e-CPR

Eduardo da Cruz

Peri-operative monitoring: state of the art

Isabel Fragata

My dream of the ideal pediatric cardiac ICU

Eduardo da Cruz

16:30 COFFEE BREAK

17:00 CARDIOTHORACIC SURGERY

Chairmen: Conceição Trigo, Manuel Pedro Magalhães

Right ventricle to pulmonary artery conduits:

the search for the ideal conduit

José Fragata

Mechanical support of the failing ventricle

Luis Bakero

My most and least favorite operation

Anabela Paixão

Quality of life after congenital heart surgery

Emília Areias

SATURDAY, SEPTEMBER 18

09:00 INTERVENTIONAL CARDIOLOGY

Chairmen: Fátima F. Pinto, Jose Luis Zunzunegui

How to introduce new procedures safely

James Lock

A realistic role for MRI in congenital heart diseases

Boban Thomas

New ideas, new procedures and new devices for the same old problems

Jörg Stein

Creativity in the cath lab

Krishna Kumar

10:45 COFFEE BREAK

11:00 ADULT "PEDIATRIC" CARDIOLOGY

Chairmen: Anabela Paixão, Rui Cruz Ferreira

Kawasaki disease: when children grow old

Fátima F. Pinto

Long term follow-up problems in adults with congenital heart disease

Lídia de Sousa

Arrhythmias in adults with congenital heart disease: from ECG to ICD

Mário Oliveira

Current guidelines and future management

of the Eisenmenger syndrome

Ana Agapito

12:45 CLOSING REMARKS

Closing remarks

Fátima F. Pinto

Rui Cruz Ferreira
