

Programa Científico Preliminar

| 23 de Julho de 2009 - Quinta-Feira | | |
|---|--|--|
| 7:45 - 8:00 | OPEN SESSION Sala 1 | OPEN SESSIOM Sala 2 |
| 8:00 - 8:20 | Pediatric Radiology: Present and Future Inês Boechat | Fetal MR of the GI Tract Teresa Victoria |
| 8:20 - 8:40 | Fetal MR of the Chest Dorothy Bullas | Congenital Obstruction of GI Tract in Neonate Alan Daneman |
| 8:40 - 9:00 | Congenital Anomalies of the Lungs Beverly Newman | Imaging of Acute Pediatric Abdominal Diseases Lane Donnelly |
| 9:00 - 9:20 | Congenital Anomalies of the Lungs Beverly Newman | The Role of Imaging in Malrotation Alan Daneman |
| 9:20 - 9:40 | Neonatal Chest Lane Donnelly | Pancreatitis: Current Status of Imaging Kassa Darge |
| 9:40 - 10:00 | Pediatric Thorax: Normal variants and Overlooked Disease Lane donnelly | Palpable Abdominal Mass: Current Approach Eric Chong |
| 10:00 - 10:20 | US of the Chest Goya Enriquez | Hepatic tumor CTA/MRA with Path Correlation Marilyn Siegel |
| 10:20 - 11:00 | Coffee Break | Coffee Break |
| 11:00 - 11:20 | The Role of Imaging in Chest Infection Edward Lee | MSK MR-Practical Advices Diego Jaramillo |
| 11:20 - 11:40 | Pitfalls in Chest Imaging in Children Goya Enriquez | MSK MR-What is normal? Diego Jaramillo |
| 11:40 - 12:00 | HRCT: Is Still a Useful Technique? Pilar Garcia-Pena | MSK of Imaging of the Pediatric Emergency Department: Not just fractures Paul Guillerman |
| 12:00 - 12:20 | MDCT of Airway Disease Edward Lee | Bone Diseases Diego Jaramillo |

| | | |
|----------------------|---|--|
| 12:20 - 12:40 | The Role in Imaging: Asthma and Cystic Fibrosis Alan Brody | MRI of Infectious and Inflammatory MSK Disorders in Children Paul Guillerman |
| 12:40 - 13:00 | Childhood Interstitial Lung Diseases Alan Brody | Hide and Seek-Ped Trauma Evaluation Dorothy Bulas |
| 13:00 - 13:20 | HRCTin DILD-European Experience Cathy Owens | Scoliosis Imaging Pierre Schmit |
| 13:20 - 13:40 | Thoracic manifestation of Systemic Diseases Pilar Garcia-Pena | Pediatric Bone Marrow Marilyn Siegel |

| 24 de Julho de 2009 - Sexta-Feira | | |
|--|---|--|
| | Sala 1 | Sala 2 |
| 8:00 - 8:20 | Mediastinal Masses Donald Frush | Overview of US in Acute Abdominal Emergencies Alan Daneman-Moderator |
| 8:20 - 8:40 | Mediastinal Masses Donald Frush | US in NN Abdomen Emergency-non NEC Monica Epelman |
| 8:40 - 9:00 | MDCT of Congenital Thoracic Vascular Anomalies Marilyn Siegel | US IN NEC Ricardo Faingold |
| 9:00 - 9:20 | MDCT of Congenital Thoracic Vascular Anomalies Marilyn Siegel | US in Malrotation Alan Daneman |
| 9:20 - 9:40 | Cardiac CT in Children-Part I Cathy Owens | Imaging of Appendicitis Ricardo Faingold |
| 9:40 - 10:00 | Cardiac CT in Children -Part II Cathy Owens | US in Meckel Diverticulum Alan Daneman |
| 10:00 - 10:20 | Functional Evaluations in Cardiac MRI in Children Marc Keller | Intussusception Teresa Victoria |
| 10:20 - 11:00 | Coffee Break | Coffee Break |
| 11:00 - 11:20 | Contrast media Reactions with a Focus in Children Robert Brasch | Ped Gynecological Emergencies Dorothy Bulas |
| 11:20 - 11:40 | Ped Interv Radiology-State of the ART- Marc Keller | Ped Gynecological Emergencies Dorothy Bulas |

| | | |
|----------------------|--|---|
| 11:40 - 12:00 | What is new in Interventional Room? John Racadio | Abnormalities of the Abdominal Wall, the Umbilical and Inguinal Region Jose D. Arce |
| 12:00 - 12:20 | What is new in Interventional Room? John Racadio | Abnormalities of the Abdominal Wall, the Umbilical and Inguinal Region Jose D.Arce |
| 12:20 - 12:40 | Radiology of Tube and Catheter - Related Complications in Infants and Children Robert Brasch | US of Acute Scrotum Silvia Moguillanski |
| 12:40 - 13:00 | Vascular Anomalies.Dg and treatment Joao Amaral | US of Acute Scrotum Silvia Moguillanski |
| 13:00 - 13:40 | GYNCANA | GYNCANA |

25 de Julho de 2009 - Sábado

| | Sala 1 | Sala 2 |
|----------------------|--|---|
| 8:00 - 8:20 | ALARA 2009 Marilyn Goske | Pre Natal Neuro MR Carolina Guimaraes |
| 8:20 - 8:40 | CT and Radiation Dose in Children Donald Frush | US in the Brain-Pre Term Monica Epelman |
| 8:40 - 9:00 | Fetal MR of the GU Anomalies Dorothy Bulas | US in Term Neonates Monica Epelman |
| 9:00 - 9:20 | The Post Natal Management of Fetal Urinary Tract Dilatation.Where we Do Stand? Fred Avni | Follow-up of Neonates with Pathologic Obstetric Doppler Maria Cristina Sperperato |
| 9:20 - 9:40 | MR Urography:Procedural and Technical Optimization for Better Results Kassa Darge | State of the Art :Neck Ultrasound in Children Gloria Soto |
| 9:40 - 10:00 | Use and Limits of MR Urography in the Fetus and Child Fred Avni | State of the Art :Neck Ultrasound in Children Gloria Soto |
| 10:00 - 10:20 | Imaging of Renal Tumors Kassa Darge | US of the Eye Cicero Torres |
| 10:20 - 11:00 | Coffee Break | Coffee Break |

| | | |
|----------------------|---|--|
| 11:00 - 11:20 | Skeletal Dysplasias-It's Not as Hard as you Think Marilyn Goske | US of the Breast in Children Cristian Garcia |
| 11:20 - 11:40 | Imaging of Childhood with Leukemia and Lymphoma Paul Guillerman | US in the Evaluation of the Biliary Tree in Children Alan Daneman |
| 11:40 - 12:00 | Imaging of Childhood with Leukemia and Lymphoma Paul Guillerman | US in Pancreatic and Biliary acute Diseases Kassa Darge |
| 12:00 - 12:20 | Bone Densitometry in Pediatric Patient Pedro Albuquerque | The Post Natal Management of Fetal Urinary Tract Dilatation.Where we Do Stand? Fred Avni |
| 12:20 - 12:40 | Pediatric Imaging Markers of Disease Vicente Gilsanz | The Post Natal Management of Fetal Urinary Tract Dilatation.Where we Do Stand? Fred Avni |
| 12:40 - 13:00 | How I Organize a Clinical Research and Write a Manuscript Lane Donnelly | US in Female Pelvis in Pediatric Patient Teresa Victoria |
| 13:00 - 13:20 | Value for Diagnosis and Treatment Planning | US of the Hip Marc Keller |
| 13:20 - 13:40 | State of the Art Pediatric 3D and 4D Imaging: Incremental Clinical Jeff Hellinger | Spinal Ultrasonography b>Marc Keller |
