## Paediatric Palliative Care in the Intensive Care Unit and beyond

Friday 10th October 2025 at 14.00 - 15.00 (CET)

What does it take to integrate palliative care in a paediatric intensive care unit? And what happens after? This one-hour webinar will highlight **real-life challenges and opportunities in providing palliative care** in the PICU setting and beyond.

*"We want to do everything we can. But what if the child is suffering? Who supports the parents? How do we make decisions, together?"*

We'll hear from a range of voices, including a parent and clinicians. Join us and explore how we can **better support children and families**, both during and after intensive care.
