**3rd day - Celebration of the no-smoking day:** WORKSHOP addressed to Youth (including students from primary and secondary schools, universities and technical education programs) mainly focused on FCTC's Article 12 "EDUCATION, COMMUNICATION AND TRAINING", the 3 pillars of PUBLIC AWARENESS).

It is thought as an **Ideas' contest** for "The development and implementation of sustainable education, communication and training programs that will raise community (school/surrounding) awareness on smoking prevention and control".
